

Albac[®] 10%, 15

Poult

Proven solution for Necrotic Enteritis
authenticated by Huvepharma

PRODUCT DESCRIPTION

Albac[®] 10%, contains feed grade zinc bacitracin equivalent to 100 grams (10%) bacitracin per kilogram.

Albac[®] 15%, contains feed grade zinc bacitracin equivalent to 150 grams (15%) bacitracin per kilogram.

INDICATIONS FOR USE

1. For the prevention and control of necrotic enteritis in chickens caused or complicated by *Clostridium spp*
2. Increased weight gain and improved feed efficiency.
3. Increased egg production and improved feed efficiency in laying hens.

KEY POINTS

- Albac[®] helps lowering intestinal counts of *C. perfringens* as well as other pathogenic bacteria, this promotes a healthy gut flora and higher nutrient absorption in broilers.
- The only bacitracin available for use in all ages of laying hens.
- Not absorbed from the intestinal tract, thus no withdrawal period is required prior to slaughter.
- Consistent performance after long time use.
- Effective in extreme weather conditions.

USERS INFORMATION: ALBAC[®]

Active Drug Ingredient		Each kilogram contains feed grade zinc bacitracin.		
For Use in Manufactured Medicated Feeds				
Species	Grams bacitracin per tonne of Feed	Albac [®] 10% dosage	Albac [®] 15% dosage	Indications for Use
Broiler chickens	25	dose of 250 gram /mton	dose of 170 gram /mton	For increased weight gain and improved feed efficiency
	50	dose of 500 gram/mton	dose of 333 gram/mton	Supporting the prevention of necrotic enteritis. Medicated feed should be fed to poultry during the period when they are at most risk of the disease, which is usually between 2 and 12 weeks.
	200	dose of 2000 gram/mton	dose of 1333 gram/mton	Supporting the treatment of necrotic enteritis: add Albac [®] for 5-7 days.
Laying hens	50-75	dose of 500-750 gram/mton	dose of 333-500 gram/mton	For increased weight gain and improved feed efficiency

Can be used in combination with our registered feed additives and coccidiostats*.

HANDLING

- Albac[®] is packaged in a 25 kg, multilayer paper bag with protective barrier ply.
